

# WELCOME!

Owned by two College of the Ozarks graduates, Summit was created to fill some of needs we saw and experienced in the Branson area. We opened our business at the end of '21 and have so much in the works that we are excited to share! (Check out the bottom of this page for more info)

As for the restaurant, we cook everything to order! The whole menu is served all day. We use as much fresh and local ingredients as we can.

This will not be a fast-paced meal; we do everything to ensure you're getting the best quality. Some of our customer's favorites so far are our fantastic local steaks, fresh-baked biscuits and gravy (we really mean fresh-baked... we bake them to order), and our giant hand-breaded onion rings. Enjoy!
